SUNDAY BASEBALL AND SPORTS ON MAY 30 CONDEMNED; "DRY" WORKERS PRAISED

Resolution disapproving of Sunday baseball and the use of Memorial day as a day of sport were passed by the Columbiana County Sunday School association in convention at the M. E. church in this city Friday afternoon; a resolution commended the work of the Anti-Saloon league and the W. C. T. U. for their efforts for the cause of temperance in fighting the liquor traffic and extended sincere thanks all contributing to the success of the convention, the speakers and singers and all who provided entertainment for the delegates including the Methodists for the use of their beautiful new church.

The seventeenth annual convention will be held in Columbiana in 1912 at a date to be chosen by the executive committee.

The consecration address "Remember Jesus Christ" by Rev. D. Chalmer Fulton, of Youngstown, Friday evening was an eloquent exposition of the purpose of a Christian life and was a fitting close to the convention. Mr. and Mrs. Frank Reed sang a duett which was much appreciated.

In this connection Mrs. Quass, Mrs. Moore, Miss Farr, Miss Vincent and Mrs. Hanson the committee on entertainment for the convention, extend thanks to all residents, Sunday school workers and members of the ladies aid societies for their kindness in helping make the convention a banner one in point of entertainment.

BURGLARS ONCE MORE PLY THEIR TRADE IN EAST PALESTINE; MAKE RICH HAUL

East Palestine, May 13.—Hardware articles valued at $300 were stolen from the H. J. Frazier hardware and drug store here some time after midnight last night. The burglars gained entrance by cutting their way through the panel in the rear door. Knives valued at $150, $100 worth of safety razors and $50 worth of other goods were taken. Clayton Frazier, son of the proprietor, was at the store until 11:30 last night and after he had left the burglary was committed.

Local officials sent for the Wellsville blood hounds this morning to be put on the scent of the burglars.

COUNTY MEET ON; LISBON IS LEADING

East Palestine, May 13.—East Palestine is swarmed with high school athletes and enthusiastic supporters today at the eighth annual field meet of the Columbiana County Athletic association. However the crowd is estimated to be smaller than in former years.

Events in which East Palestine, Leetonia, Lisbon, Wellsville and East Liverpool's high school's teams are competing started at 12 o'clock at the fair grounds, near the edge of the town. The track is fast, but few records will be broken today. In the first few events, the only new record established was that by Floto, the fleet Wellsville runner, who made the half mile in 2:07.

The following well known athletic officials are serving as judges: W. W. Zeig, of U. P. Pittsburg; J. W. Page, of Ohio Wesleyan university, Delaware, O., and G. H. Hachett, of Wooster university. At press time the following events had been completed:

220-yard hurdles—1st, Welch, Lisbon; 2nd, Atkinson, East Palestine; 3rd, Adams, Lisbon. Time, 28 1-5 seconds.

DEATH RESULTED FROM MERE SCRATCH

While in Alliance years ago he was employed in the drygoods store of King, Weikart & Warren. Mr. King was of a very genera' nature, accommodating, kind hearted, and made friends wherever he went.

During his residence in Canton he was in the grocery business. Besides his wife he is survived by a daughter, Mrs. Walter Abaugh, of Canton, also a stepdaughter. He was twice married.

Mr. King is also survived by an only brother, Col. W. W. King, of Alliance and the following sisters: Mrs. John Sheehan, of Homeworth; Mrs. Elmer Anderson, White Sulphur Springs, Montana; and Mrs. Dallas Brosius, of Vermillian, South Dakota.

OBJECTIONS TO NEW COURT BILL

PROMENINET EAST LIVERPOOL MEN CRITICISE IT.

SEE EXCESSIVE COST

As Amended Bill Would Provide for County to Bear all the Expense of the Proposed New Juvenile Court—Some Interviews.

East Liverpool, May 13.—Since the fact became generally known that Representative George E. Davidson's juvenile court bill had been amended in the house so that instead of the state paying the costs of maintaining such a court, as originally intended by the Columbiana county legislator, the county was to pay the expense, determined opposition to the measure has become manifested. With this condition of affairs, Columbiana county would have to pay the juvenile court judge the same salary as the state pays the common pleas jurist, which is $4,500, and in addition maintain the expense of assistants in the office besides incidental costs.

As a result, while the juvenile court is recognized as an important movement, the taxpayers do not feel inclined to shoulder the additional burden to maintain it.

Approached on the question today the following representative citizens expressed their views:

Col. J. N. Taylor.

"I am in favor of a juvenile court for this county, provided it is absolutely necessary and the state pays the salary of $4,500 and expenses, as was at first contemplated. But if the office is to be created more for political purposes than actual needs, and the expenses, including the salary of $4,500 are to be paid by the county, which was not the original intention, it would seem like placing an additional tax on the county, which at this time is not absolutely required."

Attorney Jason H. Brookes.

"I am opposed to the juvenile court bill for the reason that there is no occasion for a separate court of this character in this county. As now drawn the bill would settle upon the taxpayers of Columbiana county an additional costly county office with a yearly expense of at least $10,000.

"The actual work of the probate judge's office is nearly all clerical and is done by skillful and experienced assistants. The probate judge draws a salary of about $4,500 per year and has three assistants who are paid by the county. I have some knowledge of the work of the probate court and am quite sure that our efficient probate judge can take care of the juvenile work without overworking either himself or his assistants.

"My understanding is that the proposed bill unloads the entire expense of the court on Columbiana county. This expense would include a salary of $4,500 for the judge, substantial salaries for several clerks, and incidental costs, aggregating in all about $10,000 per year. The taxpayers can't afford it."

Ex-Mayor W. V. Blake.

"I am unalterably opposed to the Davidson juvenile court bill on account of it providing a $4,500 situation for a man who may be waiting to fill the coveted position. The cause of my opposition to it is that the county will have to saddle the expense, thereby creating an additional hardship on the taxpayers of this city and county. To further burden the taxpayer seems to me unjust. This is my moral conviction, and I have the courage to stand by it."

Attorney Ben. L. Bennett.

"I am in favor of the juvenile court bill providing it has jurisditcion to handle the surplus work from the common pleas court."

Ex-Mayor W. A. Weaver.

"I am absolutely opposed to the Davidson juvenile court bill. The proposition to place the expense on the county the size of Columbiana is indefensible. I can conceive how a county equal in population to Cuyahoga and Hamilton can maintain such an institution. The amount of business that comes before such a court, in my judgment, would not require the time of the court more than one month in twelve. As a taxpayer, I protest against such a move for Columbiana county."

John W. Vodrey.

"I am opposed to the Davidson juvenile court bill, because the people do not understand where the costs of operation of the court is to come from. Columbiana county has enough burden new without increasing it. Our present probate court is capable of taking care of all that work. The county pays the bill, according to the provisions of the law but the people understand the state pays it."

MILLIONS VOTED BY THE OHIO LEGISLATURE FOR GOOD ROADS

Columbus, May 13.—Three million dollars a year will be raised for the construction and maintenance of good roads in Ohio by a state tax levy of one-half of one mill authorized by the Hudson bill, passed by the house, 63 to 24. The senate has passed the measure, and it goes to Governor Harmon for approval.

Strenuous opposition to the bill came from city members, who protested the unfairness of compelling taxpayers of populous counties, where roads already have been paved at county expense, to pay the bulk of the cost of road improvements in rural counties.

The house also passed the McCuire senate bill as a supplement to the Hudson bill. It creates a state highway department, the head of which is to be a commissioner with a $4,000 salary to be appointed by the governor. Three deputy commissioners also are authorized at $3,000 each; eight bureau engineers at $2,000 each, and eight additional clerks and stenographers. Disposal of money raised by the state levy is put in the hands of the highway commission, acting in conunction with the county commissioners.

BRIBERY TRIAL DATES ARE SET

Columbus, May 13.—The dates for the trial of all but two of the indicted legislators have been announced by Prosecuting Attorney Turner. The trials will be as follows: Wednesday, May 17, Representative George B. Nye, four indictments; Thursday, May 18, Senator L. R. Andrews and R. J. Diegle, sergeant-at-arms of the senate, indicted jointly; Friday, May 19, Senator Isaac Huffman and R. J. Diegle. Senator Cetone and Representative Clark Lowrey will be assigned for trial later. Their cases will be called immediately after the others are disposed of.

WHITACRE SEES RISE IN HARMON STOCK

Canton, May 13.—Governor Harmon, of Ohio; Woodrow Wilson, governor of New Jersey, and Champ Clark speaker of the house of representatives, are the favorites among the political wiseacres in Washington for the Democratic nomination for president in 1912, according to Congressman J. J. Whitacre, who has returned home for a short visit.

"The sentiment for Harmon predominates," said Congressman Whitacre. "The Democratic Ohio delegation is solidly for him and his strength is growing. About all you hear in Washington is politics and the presidential talk is uppermost. The general opinion is that Taft will again be nominated by the Republicans.

"The house of representatives is merely waiting now for the senate to act on the reciprocity agreement and for the ways and means committee to report on woolen schedules. The senate finance committee is still engaged in hearings on the reciprocity bill.

"I don't look for the ways and means committee to report on the woolen schedules before June 1. Meanwhile the house has practically nothing to do. There is a fight on free wool in the committee and will be in the house. The house probably will pass a new woolen schedule of some sort, making a reduction in the tariff on woolen goods, but I do not believe free wool will prevail.

"I intend to be back in Washington in time for the report of the ways and means committee. A new cotton schedule also may be reported. No other legislation of a general nature will come up at the special session.

"The house has passed the joint resolution calling for an amendment to the constitution so that United States senators will be elected by the people. It has passed the reciprocity bill and the farmers' free list bill. Reductions also have been made in the force of employes of the house that will cut down expenses $180,000 a year."

SAYS LEGISLATORS WERE NOT LED ASTRAY.

Columbus, May 13.—As an example of forceful statement the following, in a United Press telegram from New York has value: Before his departure Burns indignantly repudiated the charge that his operatives led Ohio legislators astray.

"Induce them to take bribes?" exclaimed Burns. "Why, if some of these fellows heard that a man with money was around they would break down the door of his room to get him.

"You could not pass a bill in Ohio to stop the plague without bribing the legislature. There are a lot of grafters there who would steal a bucket of coal. They chased my men everywhere to get the coin. They could smell a dollar a mile off."

MINERVA LAD GIVES BOND; RETURNS HOME

Canton, May 13.—Virgil Robart, indicted for second degree murder for shooting Faber Elder in Minerva, was released from the county jail here under bond Friday.

Levi J. Krabill, of near Maximo, and A. J. Stoody, of Minerva signed the bond, fixed by Judge Day at $5000.

Mr. Stoody and C. B. Sala, of Minerva, Robart's Sunday school teacher, met him at the county jail on his release, and he accompanied them on the 9:15 train to Minerva. Although he smilingly greeted the two men who called for him, Robart had little to say.

Mr. Krabill signed as principal on the bond, as Stoody is a resident of Carroll county and therefore could not be the principal bondsman in this county.

Robart has been in jail since May 4.

ABOUT READY TO ASK FOR HOSPITAL BIDS

Akron, May 13.—Trustees of the joint five-county tuberculosis hospital to be erected at Springfield lake, near here, met in this city Friday afternoon and talked over plans for future steps in promoting the undertaking. The trustees were assured that Stark county would remain in the organization and that no further attempt would be made by the commissioners of that county to withdraw.

A meeting will be held at Canton next Saturday, at which time Columbiana, Mahoning, Stark, Summit and Portage counties will deposit their respective amounts of the $90,000 necessary to construct the building. Arrangements will be made at that meeting to advertise for bids for the construction work.

Smith W. Fowler, of East Liverpool, represented Columbiana county at the trustees meeting.

Robert Auld Victim of Robbers; Left Stranded in Strange Land

Robbed of his all, between $300 and $400, and left stranded in a strange land thousands of miles from home, Robert Auld, of this city, who has spent the past year in his native country, New Zealand, was relieved in his distress when he applied to the grand lodge of Victoria, Independent Order of Odd Fellows.

Grand Secretary C. E. Wilson, of the grand lodge of Victoria, with headquarters at Melbourne, Australia, has written to Salem Odd Fellows, under date of March 22, stating that Mr. Auld, a passenger on the R. M. S. S. Otranto, from Sydney to Tillbury, England, was unfortunately robbed of all his cash between Hobart and Melbourne. As an Odd Fellow, he sought aid among his lodge brothers in Melbourne and the grand lodge there took pleasure in helping him on his way, aiding him to reach his destination.

Mr. Auld had started on a roundabout way to his home in this city and with the aid received at Melbourne expects to arrive here in about four weeks.

5-YEAR-OLD BOY STRUCK BY AUTO

DISTRESSING ACCIDENT ON WEST MAIN STREET.

DONALD ELTON VICTIM

Lad Playing Ball in Street Ran Into Approaching Auto Driven by Dr. Yaggi—Incident Purely Accidental—Child's Recovery Hoped For.

Running unsuspectingly in front of Dr. H. K. Yaggi's auto as it was being driven up the hill on West Main street about 6 o'clock Friday evening, Donald Elton, 5-year-old son of Mr. and Mrs. Grant Elton, of 28 West Main street, was struck forcibly in the hip and, doubled over the front bar of the machine, was carried over 150 feet before the auto could be stopped.

Fearing that the boy was internally injured, Dr. Yaggi hurried him to his home, nearby, and immediately summoned a trained nurse. He rested well during the night and was slightly improved Saturday morning. However, it cannot be told at present how seriously he was injured.

The boy was playing ball in the street in front of his home Friday evening when the auto, bearing Dr. and Mrs. Yaggi, came up the hill toward him. The ball had bounded and the lad suddenly turned and gave a sort of leap to catch it. Watching the course of the ball, the boy apparently did not see the auto or realize how close to him it was. As he leaped for the ball, he threw himself directly in front of the auto.

Dr. Yaggi stopped his machine as soon as possible. He hurriedly stepped out and looked down the street as he thought that he had run over the boy and that he would be seen several feet down the street. But the lad was not in sight and the doctor hurriedly looked under his machine. There he found the injured boy, his body doubled over the front bar, in which position he had been dragged several feet.

At first glance it seemed that the boy had been fatally injured and that possibly he might not live through the night. He seemed to have been struck in the bowels, but upon closer examination the doctor concluded that he had sustained the hardest blow on the hip, which was badly bruised. The force of the blow had thrown the lad headlong against the front of the machine and his head was terribly cut by striking against the radiator.

Whether the boy was internally hurt, cannot be told as yet, but the physician stated Saturday morning that he was not as badly injured as he at first thought. The boy was in a cheerful frame of mind Saturday morning and was unusually brave through the entire ordeal for one of his tender years. No blame has been placed on the auto driver for the accident, as it is said the boy unknowingly ran directly in front of the machine.

SALEM IRON CO'S LAKE THE CAUSE OF A SUIT

Lisbon, May 13.—Alleging that his house has been damaged and rendered unhealthy by reason of an overflow of water from a dam erected by the Salem Iron company, of Leetonia, Thomas Lawelle, et al, has entered suit against the company to recover the sum of $2,000, the papers being filed yesterday in common pleas court.

The plaintiff states that he is the owner of lots 3 and 4 in Goddard's addition to Leetonia and that they are situated near the defendant's property. He also states that recently the company has constructed a large dam in the bed of a small stream to obtain a water supply. At times of high water the plaintiff's cellar has been filled with water and the foundation of the house undermined. The building has also been unhealthy and is at present unsafe to live in, he alleges.

State Can't Pay Expense.

Secretary of State Chas. S. Greaves, Columbus, Friday notified Health Officer E. J. Schwartz, of this city, who is registrar of Perry township, that Attorney General T. S. Hogan has held that the expense of filing birth certificates with local registrars cannot be paid by the state. He held, further, that the state can't even furnish postage stamps for this work. Registrar Schwartz stated Friday that an effort would be made to collect these certificates in the future, but he anticipated much trouble, as physicians were slow in returning the certificates in the past.

CROSSNG ACCIDENTS.

The shocking accident at Shelby the other evening, in which four prominent men, riding in an automobile were killed as a result of their touring car being struck by a train at a grade crossing, was similar in many respects to the accident at Naylor's crossing on the Stark Electric last fall when the Sebring men lost their lives. And the distressing feature of these accidents is that they are increasing at an alarming degree. The growing popularity of the automobile has increased travel over the country highways and, naturally more railroads are crossed. The attention constantly demanded of the chauffer to keep his car in the road and attend to its mechanical details, as well as the excitement naturally incident to automobiling has a tendency to make the driver careless or indifferent when approaching railroad crossings at grade. Many crossings are, also, absolutely unguarded and the approach of trains is hidden by curves or obstructions. But why cite causes for the accidents? They happen and are going to continue to happen with appalling regularity until something more effective is done to prevent them, and that something will have to be either crossing gates or elevated crossings.

The idea which seems to be actuating Bishop Easton, the colored divine who has purchased a site near New Albany and proposes to establish a domestic science training school for colored girls, is commendable. Booker T. Washington has already demonstrated that education along practical lines, educating the hand as well as the head, is going to do much toward solving the so-called race problem. Colored girls skilled in domestic science will never lack for employment and by their ability and ladylike bearing will be able to arouse the interest and respect of their employers, thus gradually elevate the calling of household service to a higher plane than it now, unfortunately, occupies.

Mayor Edwin McKenzie, of Wellsville, gives as the reason for his resignation that he has undergone a nervous breakdown. Those who have been familiar with events in Wellsville during the past year or two will not wonder that this has been the result for the mayor has been the storm center of many exciting incidents. Several times he has been before the courts answering to charges filed by citizens who did not approve of the methods pursued in his administration and he is now a defendant in a case in common pleas court in which he is charged with interfering with an officer in the discharge of his duty. When Mr. McKenzie was first elected mayor of Wellsville he was very popular and highly esteemed. We have no doubt that he yet has many friends, but he also has aroused the bitter enmity of a large number. His resignation is probably the best step that could be taken at this time and to his successor will fall the difficult task of getting Wellsville back to a "safe and sane" basis.

The citizens of Salem kindly threw their homes open for the entertainment of the guests who attended the county Sunday school convention here this week—and that was a very neighborly and creditable act. But what would have been the result had the delegates found it necessary to look for hotel accommodations here? When the Foresters were here attending their state convention it was necessary to provide accommodations for them in a number of private residences. Does Salem need a new, modern hotel? Ask any traveling man.

As Senator Pomerene has introduced a bill providing for an addition of $60,000 to the Alliance postoffice building fund it does not seem that he is especially impressed with Congressman Whitacre's scheme to sidetrack the appropriation for the alleged and visionary purpose of having it applied to highway construction.

The members of the Ohio senate have passed a bill providing that they may draw their salaries for next year. All in favor of this action may signify the same by saying "I!"

Good roads are "in our midst" once more but that is no excuse for letting up on the road improvement propaganda. Fine weather will not be with us always.

Doctor's Endorse

Newbro's Herpicide.

When a doctor endorses a preparation it means more than an ordinary testimonial. His opinion is always that of the professional man devoted to the welfare of the people.

Dr. J. J. Boyd, Covington, Tenn., says: "I feel it my duty to write this for the benefit of those suffering from dandruff. In the average case of few applications of Newbro's Herpicide will remove all dandruff. It is advisable to continue its use for several weeks."

The words of J. B. Thompson, M. D., No. 2 Burrough Place, Cor. Hollis St., Boston, Mass., are not less enthusiastic: "I can only speak in praise of Newbro's Herpicide. It is all that is claimed and perhaps more. Herpicide not only cleanses the scalp but brightenes the hair, gives it life and makes it soft."

Dr. T. A. Moore, Duncan, Ariz., writes of his experience: "My scalp was in places covered by patches of dry, scaly material and the itching was incessant. Since using Herpicide all these evils have disappeared and my hair is smooth and growing. Hair has grown on spots before but thinly covered."

Newbro's Herpicide is the original remedy to kill the dandruff germ and stop falling hair. The terrible itching which goes with dandruff is allayed almost at once.

Herpicide is for sale at Drug Stores and one dollar size bottles are guaranteed. Applications may be obtained at the leading barber shops. Be sure you get genuine Herpicide. Send 10c in postage for sample and book to The Herpicide Co., Dept. R., Detroit, Mich. F. T. Bennett, Special Agent.

NEWS IN CONGRESS.

CHARGED WILSON WITH DECEPTION

YESTERDAY IN CONGRESS.

In the House.

Representative Fowler introduced a resolution providing for the appointment of a special committee of seven to investigate the recent fatalities to Americans on the Mexican border.

The house adopted a resolution asking for information from the department of commerce and labor concerning the Alaska fur seal trade.

Representative Laylor presented a memorial calling attention of the 200th anniversary of the founding of Mobile, Ala.

Representative Sulzer introduced a resolution to investigate immigrant affairs at all ports of entry.

Representative Bathrick introduced resolution to protect subordinate government employes who testify before congressional committee.

The house adjourned until Tuesday, the Democrats thereby sidetracking the $45,000,000 pension bill on the Monday calendar.

The senate was not in session today.

Washington, May 13.—Reinforced by Michigan agriculturists, Ohio farmers and dairymen occupied the center of the stage yesterday in the protest against the Canadian reciprocity agreement before the senate finance committee. M. J. Lawrence, Cleveland, acted as spokesman and presented the speakers to the committee.

Herbert Williams, dairyman, of Ashtabula, caused something of a commotion by a charge that Secretary of Agriculture Wilson deliberately had attempted to deceive Ex-Governor Bachelder, of New Hampshire, head of the National grange, into supporting the trade pact. Fearful that the charge might be resented by the committee, Mr. Lawrence spoke up in defense of Secretary Wilson, saying he knew positively the secretary had no knowledge whatsoever of the reciprocity agreement prior to its public promulgation by President Taft and Secretary of State Knox.

The allegation that the farmers of the country were given no chance to be heard while the agreement was being considered by representatives of the United States and Canada was made a matter of particular complaint. H. N. Ensign, stockman, of Jamestown, who presented himself as a 'typical hayseed," became bitter in his complaint on this score.

The Ohio delegation was careful to avoid any direct political threat. Despite the caution the feeling was so intense that the arguments occasionally drifted into political lines. C. E. Bassett, chairman of the Michigan Horticultural society, ended his argument with the statement that the farmers would not desert the Republican party but if necessary would find a way within the party to remedy things they did not like.

The delegation insisted to the committee that more than 90 per cent of the farmers of Ohio were against the agreement. Asked how the figures were obtained, Mr. Ensign said they came through the Ohio state board of agriculture and from Secretary Sandles in particular.

Knows Path to His Loot.

Youngstown, May 13.—A burglar secured $700 worth of ewelry last night at the residence of W. J. Murray on West Federal street. The thief was familiar with the premises and the habits of the family. The jewelry, diamond rings and a gold watch were locked in a sideboard. The key was secreted in another part of the room. The thief secured the key and opened the drawer, afterward replacing the jewel box and locking the drawer again. Entrance was gained by jimmying a window.

STATE NEWS.

SIX CASES ARE DECIDED IN LYNCHING AT NEWARK

Newark, May 13.—Judge S. H. Nicholas, of Coshocton, yesterday decided the fate of six of the 18 men confined in Licking county jail here on first degree murder charges for alleged participation in the Carl Etherington lynching last July.

Quincy Sutley, Elmer Seary and Joseph Bush pleaded guilty to manslaughter and were given an indeterminate sentence to the Mansfield reformatory. Sutley, 23, is said to have assisted the mob at the jail the night of the lynching. Seary, 19, was charged with being one of the boys who carried the rope up the pole and placed it over the peg.

Joseph Bush, 30, turned state's evidence and admitted that he assisted in taking Etherington from his cell and helped lynch him on the telegraph pole.

Edward Soehiler, 19, was given a suspended sentence to the reformatory. The boy, it was charged, assisted in carrying the rope up the pole.

The indictment against Weldon Denny, 19, was nolled at the request of the prosecutor, who said they did not have sufficient evidence to convict. Clarence Mulligan, 40, was discharged by request of the prosecutor, who stated that his had been a case of mistaken identity.

Sunday Spurns $30,000.

Toledo, May 13.—The Rev. Billy Sunday today received an offer of $30,000 and expenses for a ten-week speaking tour on the Chatauqua platform. This is at the rate of $500 a speaking day.

The evangelist announced from the pulpit early in his Toledo campaign that he would not again take up Chatauqua work and this afternoon he sent a refusal of the offer.

Sunday believes he needs the two of two and a half months rest in the summer if he is to continue in his work as an evangelist. He has decided to give up everything except his evangelistic work.

For soreness of the muscles whether induced by violent exercises or injury, Chamberlain's Liniment is excellent. This liminent is also highly esteemed for the relief it affords in cases of rheumatism. Sold by Bolger & French.

BRUSHING OUT vs. RUBBING IN

The nozzle of the typical vacuum cleaner must be pressed down hard against the carpet, thus crushing and breaking the nap and rubbing in part of the dirt.

The Hoover raises the carpet slightly from the floor, thus freeing the dirt. The brush both loosens the dirt by the vibration it causes, and sweeps it out. The suction can then gather all of it.

"Columbia" is perplexed as to which flower to choose. Then appear the "Rainbow Maidens" and "Columbia" chooses the rainbow as her emblem. All of the grades took part in the cantata. Each in its turn represented the different flowers. Other pleasing numbers of the program were a Columbia pantomime; a song by four of the second grade pupils; a violin solo and piano solos.

Broke His Left Arm.

Lawrence Beardmore, aged 14, fell and broke his left arm Friday evening while playing in the grounds of Columbia school. The lad with a number of other boys were playing when he fell or stumbled over a pile of stones, breaking two bones and dislocating a third. After a night of suffering the young man was resting comfortably Saturday afternoon.

At a recent meeting of the Mothers' and Teachers' club one parent expressed the fear that because of the sloping ground in the rear of the building some child would be hurt, and it appears that piles of stone rather than the lay of the land caused the first serious accident on the play ground.

OFFICERS GUARD ALLIANCE R.R. SHOPS

Alliance, May 13.—A squad of ten policemen arrived in Alliance, Friday morning from Cincinnati, and were sworn in as such by Mayor Speidel soon after their arrival. These men are employed by the Pennsylvania railroad for the purpose of protecting the property of the company in the shops of the city. These men will go on duty at once. Five of these will be on duty during the day and five on the night turn.

The reason for this precautionary measure is the fear of the railroad company that the strike, which started in Pittsburg a short time ago, and remains unbroken, will reach Alliance. So far as can be seen from surface indications no strike is imminent at the Alliance shops, but the company claims to have inside information sufficient to warrant having their property well guarded. The special officers are a fine looking body of men and come here for an indefinite period.

A CAMPAIGN AGAINST SPEEDING HAS BEGUN

Henry Goodchild, manager of the Salem Auto Cycle company, was arrested Friday evening on West Main street for exceeding the speed limit with his auto. He will be arraigned before Mayor Carlile Monday.

This is said to be the first of a number of arrests that will be made by local officers unless autoists of the city cease to drive their machines at the excessive speed they have been doing. Many narrow escapes from being run down by autos driven at a terrific speed have been reported by local people and an effort will be made to put a stop to speeding within the corporate limits.

Freshen your home with new furniture.

Dear Amy :-

I got so tired the other day of the old style set of furniture that I've had ever since I've been married that I sold it to the second-hand man and just plain went and bought new.

I knew I was tired of the old, but I did not know how much I could enjoy new things until I got them.

You've been married a long time now, Amy, and if you want some new furniture, I'll tell you where to buy it.

As ever, your pal,

Lou.

MUST EITHER PAY UP OR GO TO THE "WORKS"

Lisbon, May 13.—Three persons convicted of violations of the liquor laws and who had neglected the very essential feature of paying their fines faced Mayor Hinchliff yesterday and will either pay up or make an extended sojourn in the Canton workhouse. Tony DeBrook, of Wellsville, was the first one to feel the weight of official censure with the understanding that he would pay two fines of $75 and costs or take the excursion to Canton. Frank Nelson, and Fred Watson of Salem, who ha fines of $100 and costs marked up against them were also brought in and given their choice of making contributions or going to Canton. They will all have until Monday to make up their minds. Nelson has already paid one fine of $100 and the other was neglected. All the cases were old ones the actions being filed against the men last February.

Parisian Sage Gets to the Hair Roots And Nourishes the Hair.

Give Parisian Sage a chance to drive every particle of disgusting dandruff from your hair.

Give it a chance to soak into the hair roots and stop the hair from falling out.

You won't be sorry if you do—you'll be dandruff dirty all your life if you don't.

And when you get a bottle of Parisian Sage you are not throwing any money away, because it is guaranteed by Bolger & French to eradicate dandruff; to stop falling hair and itching scalp in two weeks, or money back.

Parisian Sage kills the dandruff germ because of its peculiar power to get to the roots of the hair, right where the germ thrives and multiply.

But besides killing the germs it supplies nourishment to the hair; stops it from falling out, and causes it to grow thick and luxuriant.

Parisian Sage is a most delightful hair dressing, not sticky or greasy. A large bottle for only 50 cents at Bolger & French's and druggists everywhere, or by mail charges prepaid by Giroux Mfg. Co., Buffalo, N. Y.

BURGLARS MAKE ATTEMPT ON NEWELL POSTOFFICE.

East Liverpool, May 13.—Attempts were made last night to enter the postoffice and a grocery and hardware store at Newell, W. Va., across the river from here. The plate glass window in the doors of each place were broken. Knives valued at $25 were taken from the hardware store, but the burglars were frightened away from the other places before they succeeded in securing any booty.

Dr. H. A. Turk, who lives in the postoffice building, was awakened by the burglars and fired at them later giving chase, but they soon evaded him.

Ten Thousand Druggists

Unite in Their Opininon Regarding a Certain Medicine.

Druggists should know better than any one else the value of every medicine.

Therefore, when over ten thousand recommend Vinol, the cod liver and iron tonic, without oil, over their own signatures as the greatest tonic reconstructor and strength creator—and offer to return the purchase money in every case where it fails to give satisfaction, it must indicate that Vinol is a pretty reliable medicine.

We could publish columns of such testimony as the following:

C. A. Potterfield, the leading druggist, of Charleston, W. Va. says he used Vinol for every member of his family and has never been disappointed with the results.

Mr. J. F. Bradley, druggist, of New Brunswick, N. J., says, "Vinol is certainly a wonderful medicine. He has proved it from personal experience."

The many years that Vinol has been on the market has served to strengthen its popularity, and proved by continued tests that it will do all that is claimed for it.

Try a bottle of Vinol with the understanding that your money will be returned if it does not build up your strength and give you an added interest in life. Frank F. Trimble, Druggist, Salem, O.

Buffalo, May 13.—Outweighed 10 pounds, outgeneraled, Tommy Kilbane, of Cleveland, was defeated by Packy McFarland, of Chicago, in a 10-round bout here last night, without much trouble on the stock yard man's part. The last three rounds Kilbane put up a good exhibition, and at other times he showed flashes of speed, and got the house roaring. Kilbane's gameness next to Packy's master moving, was the feature of the bout.

DIAZ TO QUIT POST ONLY IF WAR ENDS

Mexico City, May 13.—Gen. Diaz will not leave the presidency while the country is in its present state of unrest, it was asserted last night by Finance Minister Jose Yves Limantour. He also said that Diaz stood ready to state in more explicit terms than those contained in his recent manifesto, if necessary, his attitude with reference to his retirement.

The president, Limantour said, had demanded to know from his opponents the terms in which they expect him to announce his willingness to resign and is waiting a reply from them. The president's declaration of last Sunday was made in good faith and with the desire to serve the interests of his country, Mr. Limantour said. There was no subterfuge in his declaration, he added. Diaz meant what he said: namely, that he would lay down the reins of government when he could do so without danger that anarchy or chaos might follow his action.

WHEN HER BACK ACHES
A Woman Finds All Her Energy and Ambition Slipping Away.

Salem women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof if it in a Salem woman's words:

Mrs. Zophy Edwards, 41 W. Main St., corner Depot St., Salem, O., says: "I have taken Doan's Kidney Pills off and on for ten years and my experience has been so satisfactory that I feel justified in recommending them highly. I was subject to attacks of backache, so severe at times that I could scarcely stoop. I also had dizzy spells and headaches and the kidney secretions were irregular in passage. Since learning of Doan's Kidney Pills, I have taken them whenever an attack of this kind has appeared, procuring my supply from Bolger & French's Drug Store, and it has never required more than a few doses to relieve me. I am glad to give Doan's Kidney Pills the praise they deserve."

MILLERS ARE PLEASED WITH CROP PROOSPECTS.

Columbus, May 131.—That the growing wheat crop in Ohio promises better than it has for years was the general report submitted yesterday at the eleventh annual meeting of the Ohio Millers' State association, which concluded its session at the Southern hotel with the election of the following officers:

Frank H. Tanner, Mansfield, president; B. W. Marr, Columbus, vice president; H. W. Fish, Mansfield, secretary and treasurer, and the following executive committee: Lee F. Graybill, Massillon; David Anderson, Toledo; L. Jacobs, Pomeroy, and John W. Jones, Marion.

The organization went on record as favoring action by the legislature granting $75,000 for the Ohio State university for use in its agricultural work. The legislature has allowed only $40,000.

The meeting was one of the best atended in years, 125 millers being present.

TEN MEAT PACKERS MUST GO TO TRIAL

Chicago, May 13. — Ten Chicago meat packes must go to trial on federal indictments, charging them with conspiracy to control the price of fresh meat in violation of the Sherman anti-trust law.

This was decided yesterday by Judge George A. Carpenter, of the United States district court who overruled a demurrer in which the packers had held that the Sherman law failed sufficiently to define the offense it sought to prohibit. The men, who were affected by the decision, are:

J. Ogden Armour, president of Armour & Co.

Louis F. Swift, president of Swift & Co.

Edward F. Swift, vice president of Swift & Co.

Charles H. Swift, director of Swift & Co.

Edward Tilden, president of the National Packing Co.

Arthur Meeker, general manager for Armour & Co.

Edward Morris, president of Morris & Co.

Francis A. Fowler, director of Swift & Co.

Thomas J. Connors, superintendent of Armour & Co.

Louis H. Heyman, manager for Morris & Co.

Attorneys for the government declared the decision was a tremendous blow at the packers' defense and said the prosecution had scored at every point.

AKRON QUAKES AS SEWER BLOWS UP

Akron, May 13.—With a roar that could be heard all over the city, the North Howard street sewer blew up yesterday afternoon, tearing away street car tracks and pavement, demolishing hundreds of windows and tangling up telephone and telegraph wires.

Two persons were injured. Gaboor Seebor, a city employe, who was standing directly over the cap of the manhole, was hurled 20 feet in the air and was severly injured. He was rushed to the City hospital in an ambulance. Charles Wilkinson, an amateur photographer, standing at Howard and Furnace streets, had a narrow escape from death, when the iron cap of a manhole near by weighing several hundred pounds thrown 30 feet in the air. It alighted 50 feet west behind a billboard fully 15 feet high.

Within a few minutes after the accident Mayor William Sawyer and city officials were on the ground conducting an investigation. It is believed the explosion was caused by sewer gas which had accumulated in a space reaching from Furnace street to a point about seven blocks north.

Buildings fully a block from Howard street were shaken and windows were broken 500 feet away. Crevices were left in the earth 20 to 30 feet from the line of the sewer.

Mayor Sawyer said last night that he will order a thorough investigation with a view of placing the blame and avoiding similar accidents in the future.

Will Erect Business Block.

Columbiana, May 13.—Charles E. Smith, of the H.H. Smith & Sons Co., is authority for the report that unless some unforseen event interferes with plans now made, their company will erect a large store building on their property in Columbiana. George and William Smith, located at Windber, Pa., are the managers of 16 stores scattered throughout that region. The last one established by them is at St. Michaels and they are having a large building erected there. The one to be built at Columbiana will be thoroughly modern and will certainly be a great improvement in the business portion of this town.

Canton Wants Red Men in 1912.

Canton, May 13.—Canton stands an excellent chance of landing the national convention of Red Men in 1912, according to Charles J. Lantz and Emil Kaufman, delegates from Fleetfoot tribe No. 139, who have returned from the state convention in Lima.

At the state meeting, Canton was unanimously endorsed and delegates to the national convention, which will be held this year in Cleveland, pledged their support to the movement.

To Centralize Schools.

Canfield, May 13.—The Canfield township board of education manifests its progressive spirit by taking up the matter of centralizing its schools. To start with possibly three of the schools will be affected, the pupils being brought to the Canfield graded schools, where superior educational advantages are offered. On account of road conditions it may be some time before several of the schools are centralized, but eventually all township pupils will receive the advantages of the village graded if present plans work out as satisfactorily as promised.

Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is regarded as a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

DICKINSON RESIGNS AS WAR SECRETARY

Washington, May 13.—Jacob McGavock Dickinson, secretary of war, has resigned from the cabinet. His resignation takes effect Monday, May 15. President Taft has appointed Henry Lewis Stimson, of New York, to succeed Secretary Dickinson.

In the letters exchanged between the President and Mr. Dickinson no reason other than that of pressing private affairs is given for the secretary's retirement. The President will confer with Mr. Stimson in New York Sunday, but the new secretary of war will not be sworn in until the return of the President to the capital Monday.

Mr. Dickinson will go to his Tennessee home immediately upon the qualification of his successor. He expects to devote his attention to business and will not return to the practice of law in which he was engaged when President Taft appointed him secretary of war in March, 1909. He is the second member of Mr. Taft's cabinet to retire to private life, Secretary of the Interior Ballinger having severed his connections with the President's official family only a few months ago.

Coincident with the announcement of Mr. Dickinson's retirement came that of the apointment of C. S. Millington, of Herkimer, N. Y., to be assistant treasurer of the United States at New York. Mr. Stimson was the Roosevelt candidate for governor, while Mr. Millington was a former member of the house from the twenty-seventh New York district and is a close friend of Vice President Sherman and other leaders of the old guard in the state, having succeeded Mr. Sherman in the house when the latter became vice president.

Make Move to End Strike.

Pittsburg, May 13.—As a result of a conference between General Superintendent R. L. O'Donnell, of the Western Pennsylvania division of the Pennsylvania railroad and representatives of the striking shop men, it was reported unofficially today that a tentative basis of settlement had been arranged on which the strikers are to vote.

It was stated that another conference will be held next week, when it is believed the result of the ballot will be reported to the company.

Cannon for McKinley Birthplace.

Youngstown, May 13.—Joseph W. Wess, president of the Garfield club, has been advised that a supply of old cannon and munitions of war have been sent him by the government for decoration purposes about the home in which the late President McKinley was born and which is now arranged as a museum at McKinley Heights.

Watch Your Kidneys.

Their action controls your health. Read what Foley Kidney Pills have done for your neighbor. Mr. George Herbert, 36 Wirtman St., Youngstown, O., says: "Foley Kidney Pills cured me of a bad case of kidney trouble, with which I had been afflicted for some time. They regulated the action of my kidneys and restored them to a healthy condition. I do not hesitate to recommend Foley Kidney Pills as I know they are a good kidney medicine."

Foley Kidney Pills are a true medicine. They are healing, strengthening, antiseptic and tonic. They act quickly. Bolger & French.

In the Wake of the Measles.

The little son of Mrs. O. B. Palmer, Little Rock, Ark., had the measles. The result was a severe cough which grew worse and he could not sleep. She says: "One bottle of Foley's Honey and Tar Compound completely cured him and he has never been bothered since." Croup, whooping cough, measles cough all yield to Foley's Honey and Tar Compound. The genuine is in the yellow package always. Refuse substitutes. Bolger & French.

New Hampshire was called so with reference to the original patentee, who was governor of Portsmouth in Hampshire, England. It is known as the Granite state, from the fact that its mountains are largely composed of that stone.

Foley's Kidney Remedy Acted Quickly

M. N. George, Irondale, Ala., was bothered with kidney trouble for many years. "I was persuaded to try Foley Kidney Remedy, and before taking it three days I could feel its beneficial effects. The pain left my back, my kidney action cleared up, and I am so much better. I do not hestitate to recommend Foley Kidney Remedy." Bolger & French.

INFLAMMATION MADE HER ALMOST CRAZY

With Pain. Itching Settled from Knee to Toes. Physicians Cost a Fortune. No Relief. Went to Hospital 3 Years. Unable to Help.

Finally Used Cuticura and Was Completely Cured.

"I began to have an itching over my whole body about seven years ago and this settled in my limb, from the knee to the toes. I went to see a great many physicians, a matter which cost me a fortune, and after I noticed that I did not get any relief that way, I went for three years to the hospital. But they were unable to help me there. I used all the medicines that I could see but became worse and worse. I had an inflammation which made me almost crazy with pain. When I showed my foot to my friends they would get really frightened. I did not know what to do. I was so sick and had become so nervous that I positively lost all hope.

"I had seen the advertisement of the Cuticura Remedies a great many times but could not make up my mind to buy them, for I had already used so many medicines. Finally I did decide to use the Cuticura Remedies and I tell you that I was never so pleased as when I noticed that, after having used two sets of Cuticura Soap, Cuticura Ointment and Cuticura Pills, the entire inflammation had gone. I was completely cured. I should be only too glad if people with a similar disease would come to me and find out the truth. I would only recommend them to use Cuticura. Mrs. Bertha Sachs, 1621 Second Ave., New York, N. Y., Aug. 20, 1909."

"Mrs. Bertha Sachs is my sister-in-law and I know well how she suffered and was cured by the Cuticura Remedies after many other treatments failed. Morris Sachs, 321 E. 89th St., New York, N. Y., Secretary of Deutsch-Ostrowoer Unt.-Verein, Kempner Hebrew Benevolent Society, etc."

Cuticura Soap (25c.), Cuticura Ointment (50c.) and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills 25c. per vial of 60) are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., 135 Columbus Ave., Boston, Mass.

Buggy Smashed in Runaway.

Smashing the buggy to splinters, a horse driven by Will Fineran ran up Ellsworth avenue Thursday evening until caught by Mrs. D. G. Raley, of Tenth street, who was passing. The horse became frightened at a passing auto and, crashing into a telephone pole completely demolished the buggy, throwing the driver to the ground. Mr. Fineran was not seriously hurt.

Spectators held their breath as the horse dashed along the street, where a number of small boys were engaged in a baseball game. That no one was injured by the frightened steed was thought remarkable.

Loss Covered by Insurance.

Sebring, May 13.—The loss sustained by Thursday's fire at the Oliver China company's plant has been estimated at from $4,00 and $5,000 and will be covered by insurance. The goods stored in the warehouse as well as machinery stored there were destroyed and the fact that the plant is equipped with a sprinkler system saved other buildings from destruction. J. W. Ostermier's barn and horse, which were burned, were insured for $200. The horse had been sick.

Five and Costs.

Louis Aileman, arrested Thursday evening on a charge of beating his horse, was fined $5 and costs in Justice R. R. Johnson's court Friday evening.

Back at Old Home.

Lisbon, May 13.—Mr. and Mrs. R. B. Whitacre, of St. Paul, Minn., arrived in Lisbon yesterday and will spend a few days visiting former friends and neighbors. Mr. Whitacre was born in Lisbon and grew to young manhood here, afterward removing to St. Paul where he became successful in business and has since made his home. Mr. and Mrs. Whitacre are just returning from an extended trip to Europe where they visited many of the prominent cities. M. T. Nace the North Market street druggist, a friend of Mr. Whitacre, was presented by him with an ancient mortar and pestle that was purchased in Egypt. The old mortar is made of bronze and is engraved with many curious hieroglyphics.

U. S. PHONOGRAPH AGENCY ESTABLISHED

Mr. C. C. Weaver, proprietor of Weaver's Wonder store, has recently closed a contract to handle the U. S. phonograph in Salem. The U. S. is a new instrument; it is the result of new ideas, and its performance is new to anyone accustomed to the old line phonograph.

It has many conspicuous advantages, among which are its automatic change reproducer. It plays either two or four-minute records by simply turning a shift key. The records made by the U. S. company are indestructable. A stock record was tested for 10,000 times and under microscopic examination showed no wear.

The U. S. phonograph produces a clear, resonant tone far superior to the accustomed 'whang" of machines heretofore sold. Mr. Weaver invites anyone interested in progressive talking machines to visit his store and compare the U. S. with other makes.

OPERATIONS RATHER SLOW IN OIL FIELDS

Operations have been very slow in the Homeworth-Alliance fields during the winter and spring months. This is due to the failure of operators not having any territory that looked promising. The bad condition of the roads also helped to keep the wildcatters from doing much. Now that spring has opened up and the roads getting in shape so that drilling machines can be moved, several tests will be started in the near future. James Lance, general manager of the Benedum & Trees Co., has moved his machine from the Henry Hoffman farm and is going to start a test well on the Mrs. Emanuel Yaggi farm, south of the Sebring waterworks station.

William Baker, who recently completed a duster for the Natural Gas Co. of West Virginia, on the Wm. Kutz farm, one mile northeast of North Georgetown, is getting ready to move to another location, in the same vicinity.

The Star Oil company, of Salem, is going to drill another test well on the Frederick Zubrugg farm, near the Mahoning river. In the same locality the Smith Oil company is contemplating drilling another test well on the John Crutchley farm.

The Trust Oil company, of Oil City, Pa., which recently purchased the holdings of the Duncan Oil company, is going to drill a couple more wells on the Louis Bandy heirs' farm; also clean out and shoot several of the old wells, hoping thereby to increase their production. Milo Duncan has completed a duster on the George Sanor farm, south of North Georgetown. He will drill another test well in the same locality.

The gasoline plant on the Emanuel Wyss farm, east of Homeworth, is not fulfilling expectations in regard to the amount of gasoline being turned off. They have had considerable trouble with their machinery at this plant, and this coupled with irregular running is part of the cause of the disappointment. The plant now building on the Louis Bandy heirs' farm is going to be well equipped and they expect to be running in about amonth. They will utilize gas from the Louis Bandy heirs, Jacob Buehler and Leslie Weaver farms. The total monthly runs from this field are now averaging about 1,000 barrels per month.

ANOTHER BIG SHOW ABSORBED

The Hagenbeck-Wallace Institution is Greatly Enlarged.

Judging from information at hand, the Hagenbeck-Wallace shows must be the standard of excellence by which all other amusement enterprises should be measured. When these shows exhibits here Thursday, May 25, it is said the foundation for this assertion of superiority and magnitude will be apparent. The Hagenbeck-Wallace shows have grown to a triple-featured enterprise that is more comprehensive than any other tented institution. In its augmented form it embraces besides the great Wallace circus and original Hagenback trained wild animal show and an East Indian exhibition and Hindoo festival.

The services of 1,000 people and 400 horses are required. The tents are said to be the biggest ever constructed and the paraphernalia is of the best, from the smallest toe-pin to the immense canvass tops. Three hundred international arenic champions participate in the circus performances. In addition to these the Hagenbeck original trained wild animals are exhibited and give their remarkable performances in their entirety in huge steel arenas as a part of this gigantic enterprise.
